Welcome to University Recreation Aquatics. We are excited to have you participate in our aquatics instructional programs. We offer private, semi-private, and group swim lessons for children and adults. The following information will help guide you in choosing the right program as well as provide details for the registration process.

**University Recreation (UREC) Bama Swim School:** Participation is open to UA students, University Recreation members and non-members. Registration is by age group with participants being placed into skill level groups according to: participation history, responses to the Skill Level Selection Guide, or an assessment of each child’s skills on the first day of class. Swim lessons are progressive in that each new skill level builds upon proceeding skills. Classes may include a combination of two successive skill levels. At each skill level, participants are involved in activities related to the following components: water entry and exit, breath control and submerging, buoyancy, changing direction, treading, swimming on the front, back, and side, and water safety. General descriptions of our swim lessons are provided on the next page. Please use the attached class schedule to select your classes. Make alternative selections in case your first choice is not available and record those selections on the schedule.

- All swim lessons are conducted at the Student Recreation Center (SRC)
